Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Friday 29 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Widespread rain arriving during the night.

This Evening and Tonight:
A dry and mostly clear evening is interrupted as a band of heavy rain moves northeastwards from Cornwall. Heavy downpours possibly leading to flooding on the moors and travel disruption. Minimum temperature 2 deg C (36 deg F).

Saturday:
Cold and windy, with coastal gales and outbreaks of rain continuing, possibly falling as snow in the east. Turning drier for most by late evening, with clear spells overnight. Maximum temperature 6 deg C (43 deg F).

Outlook for Sunday to Tuesday:
Frosty start to Sunday with strong winds and rain later, turning mild. Wet for most on Monday, heaviest showers confined to Cornwall, becoming windy. Wet, windy and mild on Tuesday.
